Register for classes online! Why stand in line?

Wayne County Community College District has made it easier for you to register for classes by offering the complete registration process on the District’s web site. Now you can register online for classes at a time and location most convenient for you! All five campus locations also have a Student Self-Service Center with staff available to provide assistance with registration. Descriptions of the course requirements are available online to help you decide which courses are right for you. Additionally, the web-site has an online Registration Guide that provides you with detailed information about the process.

Log on to www.wcccd.edu and follow the links to register online today!

Web-Gate: How To Register For A Course Online

**Step One:**
- a. Log on to www.wcccd.edu
- b. Click on Web-Gate
- c. Click on Enter Web-Gate

**Step Two:**
- a. Enter your Wayne County Community College District Student Identification Number or social security number (optional) in the user ID box.
- b. For first time users, enter your date of birth (MMDDYY) in the box next to PIN. For returning users, enter your personal (six digit) PIN.
- c. Click on Login

**Step Three:**
(For first time users)
- Re-enter the old PIN (your six digit date of birth (MMDDYY))
- Enter your new PIN (a personal six digit number)
- Re-enter your new PIN again. Click Login.

**Step Four:** (For first time users)
- a. In the box next to Enter Question: Type a question that only you will be able to answer.
- b. In the box next to Answer: Type the answer to the question you entered.
- c. Click on Submit

**Step Five:** Click on Student
**Step Six:** Click on Registration
**Step Seven:** Click On Add or Drop Classes
**Step Eight:** Next to Select a Term: The current term will automatically appear.

**Step Nine:** In the first box under CRN, enter the five digit CRN (Course Reference Number). The CRN for each course appears in the first column of the Academic Class Schedule under the CRN heading. Use only the first five digits. The remaining three digits are the section number. Click on Submit Changes.

**Step Ten:** Click on the Tuition Fee Assessment link at the bottom of the page and proceed with payment (checking account, savings account or credit card.)

**Congratulations!**
You have successfully registered! The following page confirming your course registration (Web Registered) details will appear. Click on the Tuition Fee Assessment link at the bottom of the page and proceed to Credit Card Payment. These links appear at the bottom of the respective pages.
Important Registration Information

You must have earned a passing grade for all pre-requisite courses or you will not be allowed to register for the next sequential course. In addition to meeting the official admissions/registration requirements, you must select a program of study. For certain career programs you must complete an official Program Admission Form which may be obtained from the Campus Academic Officer or the campus Admissions Office after completing all course pre/co-requisites.

You are officially registered when the registration staff enters your classes or you click the submit button on WebGate. You are then responsible for all tuition and fees incurred including the non-refundable registration fee.

You are to pay at least 65% of your tuition at the time of registration. Students registering online will also have the option of paying online. You must officially withdraw from your class(es) within the refund period to be eligible for any refund. The unpaid balance of tuition and fees is still due when you drop a course after the refund period ends. Therefore, any course dropped after the 50% refund must be paid in FULL.

Note: All grades are due 48 hours after the class ends. Please refer to chart on page 10 for important Refund and Part of Term dates. Academic advising is available throughout the year. All students are encouraged to see an advisor prior to class registration.

You will find the textbooks, reference manuals and supplies you need at the bookstores operated on all campuses by Follett Higher Education Group. You will need a copy of your course schedule so that the correct books can be identified for your course and section. At the end of the semester, you may sell your used books back to the bookstore during posted days and hours. Books that are clean and unmarked have higher resale value. Refunds are available only during the first ten days of the semester. Returned books must be clean, unmarked, in shrinkwrap (if the book was sold in shrinkwrap) and accompanied by the proper receipt. You may visit the online bookstore to purchase text books at: www.wccdbookstore.com.

**Applying for Admission**

**Admissions**
Wayne County Community College District is an open admission institution and automatic for those who are 18 or years of age or older. Admission to specific programs is not automatic. For further information, please visit www.wcccd.edu or contact the Office of Admissions at 313-496-2600.

For high school students under 18 years of age, the approval of a parent or guardian or the high school principal or counselor is required on the “Dual Enrollment” form. These forms are available at the Office of Admissions and Records at each campus.

Persons under age 16 must re-apply and be approved each semester for which they intend to enroll regardless of previous enrollments. Applications for persons under the age of 16 must be submitted to the District Office of Student Services, 801 W. Fort St., Detroit, MI 48226.

*Dual Enrollment classes may be available at no cost to the high school student who qualifies under the State School Aid Act, PA.148, Section 216. Students should contact their high school principal or counselor for information.*

**Program Admission**
Certain programs at the District have prerequisite courses and other criteria required for admission. In addition to meeting the official admissions/registration program requirements, students are required to apply for official program admission to their program of study. Students must complete an official Program Admission Form that may be obtained from the campus Student Services Office, the Office of Admissions or from the Campus Academic Officer. Additionally, to register for courses in technical degrees and certificate programs, except for specified introductory courses, students must have applied for and been accepted through the formal program admission process as specified in the District Catalog. Contact the Office of Admissions for specific program admission instructions.

**Please Note:** All students re-admitted to WCCCD after missing four or more consecutive regular semesters will be responsible for the curricula and regulations published in the current catalog and other official publications which are in effect at the time of their re-admission. In certain cases, dates of program admission may take precedence over dates of District admission for purpose of meeting program requirements for graduation. Student is to complete only one application.

**How to apply and register for classes**

Students may apply for admissions online by following directions provided at www.wcccd.edu. Once your online application has been submitted, the acknowledgement letter will be sent describing registration instructions for new students.

Registration is held in the Student Services Center at each campus and online.

The following steps are applicable to those students who register in person at any campus.

<table>
<thead>
<tr>
<th>Step 1 – Apply for Admission</th>
</tr>
</thead>
<tbody>
<tr>
<td>This step is for New or Re-admitted students only. Current students should update mailing address and phone number. All new students are required to complete WCCCD’s online orientation by logging on to <a href="http://www.wcccd.edu">www.wcccd.edu</a></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Step 2 – Assessment</th>
</tr>
</thead>
<tbody>
<tr>
<td>For new students, assessment is discussed and a referral made for the COMPASS test. Following testing, students will meet with an academic advisor who will interpret test scores.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Step 3 – Enrollment Data Verification</th>
</tr>
</thead>
<tbody>
<tr>
<td>Staff members will verify residency, personal data, check for financial holds, and refer students to an academic advisor.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Step 4 – Academic Advising</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students meet with an academic advisor to discuss educational goals and select courses.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Step 5 – Registration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course registration information is entered into the computer. Confirm your student email address in Web-Gate. See Got Email page 154 for further instructions.</td>

<table>
<thead>
<tr>
<th>Step 6 – Photo ID Card</th>
</tr>
</thead>
<tbody>
<tr>
<td>Obtain official student ID card and parking sticker at the Campus Security Office and sign up for Emergency Alert.</td>
</tr>
</tbody>
</table>
Students who have completed less than 12 credit hours are responsible for payment of their tuition and fees. Classes must be officially dropped during the add/drop period or visiting Web-Gate online. Students who do not drop prior to published drop dates, regardless if student has attended class or not, will be responsible for paying the full tuition and fee assessment.

Current Students
- Students who have completed less than 12 credit hours are required to meet with an academic advisor. Students who have successfully completed 12 or more credit hours are encouraged to meet with an academic advisor.
- All fees must be paid by the deadline date established each semester. The District offers a deferred payment plan and some students may qualify for financial aid. Refunds will be available if you officially drop classes by the refund deadline.
- Upon completion of registration all students are responsible for all assessments & fees. Tuition and other charges will NOT be waived unless a student officially drops the class(es). There are two methods by which a student may drop a class. Method I: Log onto Web-Gate, go to registration, and drop the class. Method II: Obtain Drop/Add form from the Admission/Records Office. In order to receive a refund of tuition and applicable fees, the form must be completed and processed. Students who do not drop by the appropriate deadline will be responsible for paying all tuition charges.

Steps to Enrollment

New Students
1. Many students may choose to apply for admissions online by going to www.wcccd.edu. Other students must complete and submit an application for admission at the campus Admissions and Records Office of their choice.
2. Have all previous academic credentials (official transcripts) forwarded to the District Records Office with a transcript evaluation request form.
3. When you receive your letter of admission, be sure to follow the instructions. Assessment testing is required for most new students and should be completed prior to registering for classes.
4. After completing your application and assessment testing, you will meet with an academic advisor to discuss your educational goals and select appropriate courses. You are now ready to register.
5. All fees must be paid by the deadline date established each semester. The District offers a deferred payment plan and some students may qualify for financial aid. Refunds will be available if you meet all preliminary guidelines and officially drop classes by the refund deadline. For more information, please see the Refund Policy in this schedule.

Former Students (Returning)
A returning student is an individual who has not attended the District for 4 or more consecutive regular semesters. All students in this category must complete an application for re-admission.
- Complete and submit an Application online in Web-Gate. (Students seeking a degree in an occupational program must apply for re-admission to a specific program.)
- Have all your previous academic credentials (official transcripts) mailed to the District Records Office, and submit a transcript evaluation request form.
- When you receive your letter of admission, be sure to follow the instructions outlined in the letter. If you have not completed the English and Math requirements, you will need assessment testing.
- Complete assessment testing.
- If you do not need assessment testing, you will visit with a counselor/advisor for academic advising and course selection. This step is required for all students who have completed less than 12 credit hours and is encouraged, for students who have successfully earned 12 or more credit hours.
- All fees must be paid by the deadline date established each semester. The District offers a deferred payment plan and some students may qualify for financial aid. Refunds will be available if you officially drop classes by the refund deadline.

Please Note: All students re-admitted to WCCCD after missing four or more consecutive regular semesters will be responsible for the curricula and regulations published in the current catalog and other official publications which are in effect at the time of re-admission.

Students with Disabilities (ACCESS)
Students requesting academic adjustments and auxiliary aids and services under the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act of 1983 must provide documentation of a diagnosed physical, medical or mental impairment that substantially limits a major life activity. Documentation and recommendations
must be appropriate to the post-secondary setting. The report must describe the current impact of the disability on the student's academic performance.

Academic adjustments and auxiliary aids and services are individually determined each semester. It is the student's responsibility to contact the Learning Center in order to receive services. The steps for receiving services include:
1. Pick-up self-managed support services intake packet from the Office of Campus President.
2. Gather current disability documentation.
3. Complete and submit all requested documents to the Office of Campus President.
4. Once approved for support services you will be contacted by a campus representative for a follow-up appointment to discuss your accommodations.
5. Pick-up and sign your academic accommodation letters as instructed.
6. You are responsible for giving the academic accommodation letters to all instructors for courses in which they are utilizing their accommodations. Instructors must receive the academic accommodation letters in order to provide the accommodations.

Please see the District's Disability Support Services handbook for further information. [www.wccc.edu/students/pdfs/ACCESS%20Policy%20Booklet.pdf](http://www.wccc.edu/students/pdfs/ACCESS%20Policy%20Booklet.pdf)

### Special Populations

**Veterans**
The Veterans Affairs Office is located in the District Records Office, 801 W. Fort Street, Detroit, MI 48226, 2nd Floor. The phone number is (313) 496-2523 or (313) 496-2631.

The purpose of the Veterans Affairs Office is to certify the enrollment of veterans and their dependents who are using their educational benefits. The staff in the Veterans Affairs Office serve as a liaison between the Department of Veterans Affairs and the students at Wayne County Community College District. The staff assists with the completion of forms, explaining the various degree options available at WCCCD, and directing students to the appropriate college personnel for support services. Veterans should schedule an appointment with an academic advisor for individual assistance. All forms may be printed from the WCCCD website, [www.wccc.edu](http://www.wccc.edu).

The Department of Veterans Affairs requires that all recipients of veteran educational benefits make progress toward their stated program. Therefore, all veterans and their dependents receiving benefits must maintain a cumulative grade point average (GPA) of 2.0 to remain eligible for benefits. Veterans whose cumulative GPA falls below 2.0 will be required to raise the GPA to a satisfactory 2.0 level within two semesters to be eligible for continued benefits. If the veteran fails to do so, the Department of Veterans Affairs will be notified of their unsatisfactory academic progress.

**International Students**
Wayne County Community College District welcomes cultural and linguistic diversity, but has no English as a Second Language or other remedial programs for non-English-speaking foreign students.
**Outstanding Balances**

Outstanding balances that are not paid on or before the published due date will be placed on a Financial Hold and charged a $20 default fee. All student accounts remaining delinquent at the end of the semester (please refer to the District calendar for specific date) will be charged an additional delinquent payment fee of $30.

Students who withdraw from classes after all refund periods have passed will not receive a refund.

Effective July 1, 2008, federal regulation dictate that financial aid students will no longer be able to use current award year financial aid funds to cover prior year outstanding balances that exceed $200.

**Payment of Tuition and Fees**

All tuition, fees and deposits are due at the time of registration. Students that choose the deferred tuition payment plan must pay a minimum of 65% of total tuition and fee(s) for the current term. Payments may be made online only. The District accepts online payments through all major credit cards and through checking and savings accounts.

Wayne County Community College District reserves the right to cancel the registration of any student who does not make the required tuition and fees payment within the specified time frame.

**Cashless Registration Process**

The District accepts online payments through all major credit cards and through checking and savings accounts. The District Bookstores provide prepaid debit cards for a nominal fee. It is recommended that the student review the cost of tuition and fees in the class schedule before registering. Please remember to consider the fees for student activities, labs, and registration when calculating tuition costs.

**Important Registration Information**

You are officially registered when the registration staff enters your classes into the registration system or once you click the “submit” button if registering online. **You are responsible for all tuition and fees incurred including the non-refundable registration fee.** You must pay at least 65% of your tuition and fees at the time of registration. You must officially withdraw from your class(es) within the refund period to be eligible for any refund. The unpaid balance of tuition and fees is still due when you withdraw a course after the refund period ends. Therefore, **any course withdrawn from after the 50% refund period must be paid in FULL.**

### Tuition Refund Dates

Refund dates vary based upon course start and end dates, refer to chart below.

### Financial Aid

#### Applying for Financial Aid:

Visit our outstanding Financial Aid Website at [www.wcccd.edu](http://www.wcccd.edu) to find out how to apply for financial aid and get up-to-date information every financial aid student should know. Monitor your personal financial aid information by logging into Web-Gate, click on the icon located on the left side of the financial aid home page.

Students must apply for financial aid online at [www.fafsa.gov](http://www.fafsa.gov). Students are encouraged to apply for financial aid as early as January 1st each year. **Priority deadlines for submitting financial aid applications are:**

- **Fall** ................. .March 1
- **Spring** ............... .October 1
- **Summer** ............. .February 1

### Withdrawing from Classes

Officially dropping within the drop/add period will ensure that you are not responsible for tuition payment for that course. After the 100% drop period if you withdraw, you are responsible for some or all tuition fees. See refund table below for important dates and percentages of tuition refund.

### Refunds

Classes cancelled by the District will result in a 100% refund. The District reserves the right to cancel classes. The District will attempt to notify students whose classes are cancelled. Students substituting another course must process a drop/add form as soon as possible. If students do not wish to substitute another course, a refund is automatic and there is no need to process a drop/add form. The refund will be mailed to the student approximately 3-5 weeks after the first day of the semester. **There is no refund for health reasons.** Classes withdrawn from by the student after the refund deadlines will result in “no refund.” Tuition, Student Activity fees, Technology fee, and all course designated fees are refundable within the deadline requirements. However, registration and deferred fees are not refundable unless the District cancels one or all of a student’s classes.

If you do not apply by the above dates, we still encourage you to apply since you may be eligible for financial assistance. Student financial aid funds are made available only for purposes directly related to educational expenses. Use of financial aid funds for any other purpose will jeopardize eligibility for continued assistance. The District Financial Aid Office reserves the right to review, adjust and/or cancel awards at any time because of a change in a student’s FAFSA, financial, marital, academic status, because of adjustments in federal or state regulations or funding or computational errors. A student may decline all or any portion of a financial aid award in writing. A student may appeal for reconsideration of any aspect of a financial aid award by submitting written justification and supporting documentation. A student may accept any number of awards or other financial assistance from public and/or private sources, however the total financial assistance may not exceed the total cost of their attendance.

Students who receive federal financial aid are expected to attend and successfully complete the coursework for which they enrolled. Payment of financial aid is based upon enrollment status and class attendance. If you add or drop classes after the disbursement of financial aid, the aid is subject to revision. Minimizing schedule adjustments after the beginning of each term will insure timely delivery and accuracy of the financial aid award. Adjustments made after the receipt of excess aid funds due to non-attendance or withdrawal will result in a reduction in aid eligibility and cause a balance due on the student’s account.

Financial Aid is not automatically renewable. Students must apply every year to be considered for any type of assistance. Procedures for applying for financial aid are available online at www.wccd.edu.

The Types of Financial Assistance Include, but are not limited to:

A. Federal Pell Grant
B. Federal Supplemental Educational Opportunity Grant
C. Federal Stafford Loans
D. Federal College Work-Study
E. Teacher Education Assistance for College and Higher Education Grant (TEACH)
F. Iraq and Afghanistan Service Grant

Information for each type of financial assistance is available under Financial Aid on the District’s website www.wccd.edu. A student may decline all or any portion of a financial aid award in writing.

You must apply for financial aid electronically!

The free Application for Federal Student Aid (FAFSA) at www.fafsa.gov allows students to apply for financial aid through the Internet. Applications are submitted directly to the US Department of Education thereby reducing mailing delays. Results are received faster by WCCCD, which speeds up the processing of your application. Extensive online instructions are available to help you complete the application process.

You must have ALL of the following items in order to complete the application:

- Your (and your spouse’s, if married) Federal Income Tax Return for the previous year
- Your parents’ (if you are a dependent under age 24) Federal Income Tax Return for previous year
- W-2 Forms or other records of income
- Records of other untaxed income received, social security, veterans benefits, military or clergy allowances
- Current bank statements
- Current mortgage information
- Records of stocks, bonds, and other investments
- Business and/or farm records, if you or your parents own a business or farm
- Your social security card and driver’s license
- Your alien registration card (if you are not a United States citizen)

Once you have completed the application, via the Internet, you must e-sign your application. The Personal Identification Number (PIN) serves as the electronic signature. There is no charge for this application process.

Within a few days, you should receive a Student Aid Report (SAR) from the US Department of Education via email with the processing results. It will also contain information regarding your Pell Grant Lifetime Eligibility Used (LEU) for eligible recipients. In addition, it will provide information on whether you are a first time borrower subject to the 150% subsidized loan limit. It is important that you review the information on your SAR very carefully. If you need additional help or wish to inquire regarding the results of your FAFSA on the web application for the upcoming academic year, you can contact FAFSA on the web or call the Customer Service Number 1-800-433-3243.

Satisfactory Academic Progress:

Federal regulations require that all students receiving Financial Aid make continued progress toward an educational goal.

For further information regarding Satisfactory Academic Progress, please visit our website at www.wccd.edu

OTHER STUDENT SERVICES
SUPPORT OPPORTUNITIES

Disability Support Services (ACCESS)

Disability Support Services at Wayne County Community College District strives to provide students with the necessary tools to help them accomplish their educational and career goals. It is the goal of Disability Support Services to:

1. Provide effective and reasonable accommodations.
2. Provide internal and external referrals, information on campus resources and to assist students with strengthening their academic and employability skills.
3. Support and encourage students with disabilities to become more independent.
4. Increase faculty understanding of the needs of students with disabilities
5. Work as an advocate for students.

In addition to the support services that are available to all students, students in the ACCESS Program may be eligible for accommodations such as, assistance with peer tutoring, note-taking, interpreter services and assistive technology. Program participants are also assisted with referrals to both internal and external support services.

See page 7 and 8 for further information.
**External Referral Services**

- Support Groups
- Community Mental Health
- Diagnostic
- Social Services Agencies
- Michigan Rehabilitation Services
- Michigan Commission for the Blind

**Carl D. Perkins Program**

Students enrolled in selected career and vocational programs at Wayne County Community College District may be eligible for support services through the Carl D. Perkins Program. Services include tutoring, advising, workshops, career/job preparation, financial assistance, etc. For application and eligibility requirements, call the District at (313) 496-2634. See page 26.

**TRIO Transfer Program**

TRIO – Student Support Services program is a federally funded grant through the United States Department of Education which serves eligible low income, first generation and disabled students who plan to graduate from WCCCD and transfer to a four-year college or university.

TRIO-sss provides opportunities for academic development, assists students with basic college requirements in order to increase the retention and graduation rates of its participants.

The mission of TRIO-sss is to foster an institutional climate supportive of student success and help students make the transition from one level of higher education to the next.

For more information please contact the Division of Student Services at (313) 496-2634.

**Smartthinking**

Integrated into our WEBGATE student portal, WCCCD offers easy to use, and easy to access academic support on-demand.

By allowing students to ask written questions or submit writing assignments for feedback, we provide personalized learning solutions that improve success and retention for all students.

In addition all tutoring sessions and writing submissions are archived and available for students to review at any time for studying or test preparation.

These important services remove scheduling and transportation barriers to non-traditional students with work and family obligations who otherwise would not have access to our traditional on-campus academic support services.

For more information please log on to your student WEBGATE account at www.wcccd.edu.

**MICUP**

Michigan College and University Partnership (MICUP) is a grant program coordinated by Michigan Technological University (MTU) that encourages academically and economically disadvantaged students as well as minority students to secure an education at a community college and transfer to a four-year institution to earn a baccalaureate degree.

Benefits of being a part of the MICUP program include: 1) all expenses paid trip to Michigan Technological University for a fall campus tour and, 2) summer internship program with a stipend, free 3-credit class and research project opportunity at MTU for those applicants who are selected. For more information about the MICUP program, please call 313-496-2634.

**MI-LSAMP**

The Michigan Louis Stokes Alliance for Minority Participation (MI-LSAMP) is a National Science Foundation (NSF) sponsored consortium of 5 universities and 10 community colleges. The goal of the MI-LSAMP is to increase the number of highly trained minority students earning baccalaureate degrees in science, technology, engineering, and mathematics (STEM) fields.

The MI-LSAMP paid summer undergraduate research programs hosted at the University of Michigan, Michigan State University, Wayne State University and Western Michigan University engage students in mentored hands-on advanced research training.

Current WCCCD underrepresented minority community college students with a 2.8 GPA or greater in a STEM program of study who plan to transfer to a 4-year institution to complete a STEM baccalaureate degree are eligible to apply for an internship.

For more information refer to the web link, http://www.engin.umich.edu/students/mi-lsam/p/, or call 313 496-2634.

**WayneDirect**

WayneDirect is an early admission program for students at WCCCD who are interested in transferring to Wayne State University to earn a bachelor’s degree. Students are encouraged to apply for the WayneDirect program early during their first two semesters at WCCCD to reap all the benefits of the program. WayneDirect students who have a 2.0 GPA and 50 credits or an associate degree are guaranteed admission to WSU and an opportunity to apply for WSU scholarships upon transfer. Other benefits include:

1. access to WSU academic resources such as advising, transfer credit evaluation, writing center workshops, Academic Success Center – tutoring
2. career services such as counseling, resume workshops and mock interviews
3. access to the WSU’s library, One Card, fitness facility, and events/activities

For more information, go to http://www.admissions.wayne.edu/transfer/click on WayneDirect. Download a WayneDirect application at http://admissions.wayne.edu/pdf/waynedirectwc3.pdf or call (313) 496-2634.
Transcript Transfer Evaluations

Incoming transfer students must request official transcripts from their previous college(s) for evaluation and review for transfer credit. Transcript Evaluation Forms must be completed and all official transcripts must be mailed to:
Wayne County Community College District
District Records, 2nd Floor
801 W. Fort St.
Detroit, MI 48226

After completion of the transcript evaluation the student will receive official notice of accepted transfer credit.

Michigan Colleges Online

Michigan Colleges Online (MCO) is an initiative of the Michigan Community College Association and the 28 Michigan community colleges. The MCO website (www.micollegesonline.org) provides a listing of online courses from all MCO member colleges. This site conveniently allows students to find the course(s) that will transfer back to their home college and satisfy their requirements - and if a student has financial aid the student may be able to use it for courses found on MCO website.

Starts Monday, June 22, 2015 for Students with 42+ credit hours

### PRIORITY REGISTRATION 2
Starts Saturday, June 27, 2015 for Students with 30+ credit hours

### PRIORITY REGISTRATION 3
Starts Thursday, July 2, 2015 for Students with 12+ credit hours

#### Frequently Asked Questions

1. **How do I know if I am eligible for priority registration?**
   Access your unofficial transcript via Web-Gate. If you have accumulated 12 credit hours, you are eligible for priority registration.

2. **How are my total hours earned computed?**
   Based on the number of WCCCD credits earned as well as any additional coursework from other colleges you have had transferred to apply to your WCCCD degree/certificate.

3. **What prevents students from registering on the wrong day?**
   Web-Gate will identify those students eligible for priority registration.

4. **If I register on my priority date, when can I make schedule changes?**
   You can register as early as your assigned date. After that date you may make schedule changes until registration for the semester ends. Refer to the registration calendar for the last day to register for a given semester.

5. **What are my registration options?**
   You can register online or visit one of our campus self service centers.

6. **Why is there priority registration?**
   Priority Registration was implemented to give priority to students who are close to graduation so that they may enroll in the required courses needed to graduate.
Wait Listing

“The only line that you will want to get in.”

The Wait Listing process allows students to place their names on a waiting list for select closed courses. If an opening occurs, an e-mail is sent to the first student on the Wait List informing the student that he/she has a certain amount of time to register for the course (usually 24 hours after the e-mail is sent). The Wait Listing process is only available through Web-Gate.

For more information, visit www.wcccd.edu and click on the Wait Listing icon.
Wayne County Community College District’s annual security report is now available. This report is required by federal law and contains policy statements and crime statistics for the District. The policy statements address the school’s policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. The report also includes crime statistical information reported to the United States Department of Education. This report is available online at http://www.wcccd.edu/dept/campussafety.htm. You may also request a paper copy from the District Police Authority department.
Wayne County Community College District is proud to participate in TRIO–Student Support Services program. TRIO-SSS is a federally-funded grant through the United States Department of Education.

The goal of TRIO-SSS is to increase the retention and graduation rates of its participants and help students make the transition from one level of higher education to the next.

TRIO-SSS serves eligible low income, first generation and disabled students who plan to graduate from WCCCD and transfer to a four-year college or university.

To meet that goal TRIO-SSS provides opportunities for academic development, assists students with basic college requirements, and serves to motivate students to complete their postsecondary education.

The mission of TRIO-SSS is to foster an institutional climate supportive of the success of low-income and first generation college students and individuals with disabilities.

Do you know of any former WCCCD students who attended or graduated from WCCCD?

We want to reconnect with them, recognize their accomplishments, and continue to assist in achieving their goals.

Joining the WCCCD Alumni and Friends Society is the easiest way to stay connected to all the year-round programs happening at WCCCD. Alumni can also support the students who follow in their footsteps by giving back through the Scholarship Committee or other giving opportunities.

For more information please email alumni@wcccd.edu or visit www.wcccd.edu
You Deserve a Choice

Look for the green envelope

Then select your refund choice:

Deposit to your OneAccount:
Money deposited to the account the same business day funds are released by WCCCD to Higher One.

Deposit to another account:
Money is available in two to three business days.

Receive a paper check in the mail:
Money is received in five to seven business days.

When it comes to receiving your financial aid refunds, you deserve options that work for your life.

Wayne County Community College District has partnered with Higher One, a financial services company focused on helping students get the most out of their money, to offer convenient options for receiving your financial aid refunds.

Here’s how to get started with your OneAccount:

1. Visit MyWCCCDCard.com and click “Get Started!”

2. Enter the 16-digit card number you received in the HigherOne green envelope you received in the mail. Then complete the requested information. The email address you use will serve as your login to the website.

3. If you select the OneAccount option, complete the online account opening process. Once your identity is verified, you will be prompted to create a Personal Identification Number (PIN). You can then review and agree to the Account Terms and Conditions and Fee Schedule.

For more information about OneAccount, please visit MyWCCCDCard.com or get easy answers to your questions with EasyHelp™ -- our self-service FAQ online database.
Graduation Progress System (GPS) helps students and advisors monitor progress towards degree and certificate completion. It combines the District’s state-approved degree and certificate requirements with the coursework students have completed into an easy-to-read worksheet that helps students see how the courses they have completed count toward degree and certificate requirements as well as what courses and requirements they still need to complete.

**View Your Personal Roadmap to Graduation Today!**

**GPS is intended to support and complement academic advising, but not to replace face-to-face advising sessions.**

Wayne County Community College District launched its Financial Aid TV service to provide current and prospective students, parents and the community with a 24/7 interactive informational tool which enhances the delivery of financial aid services. More expansive than “Frequently Asked Questions,” WCCCD’s Financial Aid TV is specifically designed to answer all student financial aid questions.

Comprehensive, relevant and up to date information is conveniently available on mobile devices, laptops and iPad’s 24 hours a day, 7 days a week at wcccd.financialaidtv.com.
We are the best when it comes to studying abroad!

Wayne County Community College District (WCCCD) strives to empower its students to experience the diverse cultures of the world and to be academically competitive in a global society. The District’s Study Abroad Program provides its students with an exemplary international experience comparable to a classroom without walls. Global citizenship requires an appreciation of diversity and encourages learning about other cultures. Such knowledge helps students dispel fears enabling them to feel comfortable in an ever-changing world. The program has exposed students to foreign languages, cultures, values, socio-economic issues, and the standards of living of people from around the world.

Reasons and benefits for studying abroad:
- Lasting memories
- New relationships and friendships
- Becoming global-minded
- Enriched college experience that enables students to engage and learn in a new cultural environment
- Exciting adventures
- Changed outlook on life and perspective of the world
- Encourages students to try new things—food, language and social interaction

Career Benefits
- Studying abroad does more than promote academic enrichment and personal growth. It also can enhance the prospects for employment, especially in the fields of business, international affairs, and government services.
- Today’s employers are increasingly seeking employees who have a sense of the world outside their own environment or boundaries.
- Students who have studied abroad are likely to possess international knowledge and often times second language skills.

Some current statistics for studying abroad:
- 97% said studying abroad helped them gain self-confidence.
- 99% said it helped them understand their strengths and weaknesses.
- 96% said they would do the same experience again.
- 96% said they are still in contact with people they met while abroad.

Being informed means being prepared!
In an effort to improve WCCCD student access to all District communications we are now requiring that all academic students have a free WCCCD student Email account. This will enable students to have instant access to important student and District information and provide each student with a safe and secure method in which to communicate with WCCCD. All official college communication to students will come through WCCCD student Email accounts. WCCCD students will be responsible for communications sent to their address by the District as we switch our student communication process to a paperless system.

**What does this mean for WCCCD students?**
- Students will have instant access to official communications about their classes, billing statements, financial aid, student accounts, retention alerts, emergency alerts, etc. and these will come only to your WCCCD student Email (no longer on paper).
- Messages sent by students to WCCCD from their WCCCD student Email account will be secure and will not be at risk of being held as “spam”.
- Students will be more informed and have the ability to take charge of their education at WCCCD!

**What do you need to do?**
- Simply register for any academic class and you will automatically be provided with a WCCCD student Email account.
- Please note it will take 24 hours from the time you register for classes for your WCCCD student Email account to be activated.
- Check your Email account regularly to stay in touch and in control of your education at WCCCD!

According to healthcare salaries and the Bureau of Labor Statistics salaries range nationwide between $50,000 and $55,000. In Michigan, entry level salaries start at approximately $36,000.

According to the U.S. Bureau of Labor Statistics (BLS), job opportunities for surgical technologists and technicians, such as anesthesia technicians, were expected to grow much faster than average (25% increase from 2008-2018).

ABOUT THE PROGRAM
The Anesthesia Technology Program is a six semester program that prepares students to enter the allied health profession focusing on fundamental and advanced clinical procedures assisting the anesthesia provider in the safe and efficient care of patient’s under anesthesia. The Anesthesia Technologist works under the direction of an anesthesia provider as a vital member of the anesthesia care team. The Anesthesia Technologist will become proficient in the acquisition, preparation, and application of various types of equipment required for the delivery of anesthesia care.

WHAT DO ANESTHESIA TECHNOLOGISTS DO?
Anesthesia Technologists work with the Anesthesia Care team to help monitor patients undergoing anesthesia. The Anesthesia Technologist may have other duties that include equipment maintenance and servicing such as cleaning and sterilizing, and assisting with the auto transfusion process.

WHERE DO THEY WORK?
Anesthesia technologists may work in a variety of clinical settings including: hospital operating rooms, interventional and diagnostic radiology, labor and delivery units, intensive care units, emergency rooms, outpatient procedure suites, and ambulatory surgery centers.
ABOUT THE PROGRAM
The Medical Administrative Specialist Program prepares students for work in the office of a doctor, clinic, hospital, or for employment wherever knowledge of medical terminology, professional procedures and ethics are required. It also provides excellent preparation for administrative positions in any business. The status of Certified Medical Administrative Specialist can be acquired upon completion of the required job experience and written examinations. To graduate from the program, a student must receive a grade of C or higher in all program courses.

WHAT DO MEDICAL ADMINISTRATIVE SPECIALISTS DO?
Medical assistants and specialists complete administrative and clinical tasks in the offices of physicians, podiatrists, chiropractors, and other health practitioners. Their duties vary with the location, specialty, and size of the practice.

WHERE DO THEY WORK?
Most of medical assistants and specialists work in physicians’ offices and other healthcare facilities.
The median annual wage for similar occupations such as nursing assistants was $24,420 in May 2012.

Employment of similar occupations such as (nursing assistants) is projected to grow 21 percent from 2012 to 2022, faster than the average for all occupations.

Patient Care Technicians (PCT), (similar to nursing assistants), help provide basic care for patients in hospitals and residents of long-term care facilities, such as nursing homes. In nursing homes, PCTs are often the principal caregivers. They have more contact with residents than other members of the staff. Because some residents stay in a nursing home for months or years, PCTs may develop close relationships with their patients.

Patient Care Technicians may work in a nursing care facility, hospitals, residential care facilities, or home health care organizations.
ABOUT THE PROGRAM
The Home Health Care Technology certificate will prepare students for employment in the home health care industry. Home Health Care Aides (HHA) provide personal and homemaking services to ill, convalescing, elderly, and disabled persons and, if needed, to their families. Graduates will learn to care for clients in a holistic, respectful, and professional manner. Graduates will demonstrate the ability to properly follow directions/care plans, respect client privacy, as well as provide emotional comfort and support to diverse clients and their families. Graduates will be able to assist in client observation, ambulation, transfer, transport, personal grooming and hygiene in a safe and effective manner.

WHAT DO HOME HEALTH CARE AIDES DO?
Home Health Care Aides help people who are disabled, chronically ill, or cognitively impaired. They often help older adults who need assistance. In some states, home health care aides may be able to give a client medication or check the client’s vital signs under the direction of a nurse or other healthcare practitioner. Home health aides typically help clients in their daily personal tasks, such as bathing or dressing. They provide basic health-related services according to a client’s needs, such as checking vital signs or administering prescribed medication at scheduled times.

Other duties may include organizing a client’s schedule and planning appointments, and arranging transportation to doctors’ offices or for other kinds of outings. They may shop for groceries and prepare meals to a client’s dietary specifications, while providing companionship to the client.

WHERE DO THEY WORK?
Home health aides held about 875,100 jobs in 2012. Home Health Aides may provide services in a variety of environments including rehabilitation centers, long term care centers and hospice; however, most assignments are usually in the patients’ home.

Product Development Prototyping

ABOUT THE PROGRAM
This program introduces students to product development and prototyping opportunities with emphasis on core design concepts, testing analysis, and rapid prototyping through the use of modern graphic software, laser scanning technology, and industry standard rapid prototyping equipment. This program is well suited for students looking for a career in product development, current professionals who want to update their skill level, as well as entrepreneurs interested in working to develop their own ideas and products.

WHAT DO PRODUCT DEVELOPMENT PROTOTYPING PERSONS DO?
Most rapid prototyping jobs are incorporated into different industrial positions but seem to mirror many of the duties of industrial designers. Industrial designers develop the concepts for manufactured products, such as cars, home appliances, and toys. They combine art, business, and engineering to make products that people use every day. Industrial designers focus on the user experience in creating style and function for a particular gadget or appliance.

WHERE DO THEY WORK?
Industrial designers work in offices in a variety of industries. Although industrial designers work primarily in offices, they may travel to testing facilities, design centers, clients’ exhibit sites, users’ homes or workplaces, and places where the product is manufactured.

About the Program
The Craft Brewing Certificate Program prepares individuals for careers in the growing beer brewing industry. Classroom instruction and laboratory work will educate the student in aspects of the craft brewing industry. Coursework will cover brewing, fermentation, safety and sanitation, operations, agriculture, marketing, management, equipment for production and bottling, packaging as well as specifics of craft beer microbiology. Graduates in the program will be fully prepared to sit for certification exams offered by the Institute of Brewing and Distilling (IBD) and qualify for employment in local and national brewing establishments.

What Do Craft Brewers Do?
Set up, operate, or tend continuous flow or vat-type equipment; filter presses; shaker screens; centrifuges; condenser tubes; precipitating, fermenting, or evaporating tanks; scrubbing towers; or batch stills. These machines extract, sort, or separate liquids, gases, or solids from other materials to recover a refined product.

Where Do They Work?
Craft brewers usually work in a microbrewery or craft brewery that produces a small amount of beer. Exact definitions vary, but the terms are typically applied to breweries that are much smaller than large-scale corporate breweries and are independently owned. Such breweries are generally characterized by their emphasis on quality, flavor and brewing technique.

PAY
The median annual wage for paralegals and legal assistants was $46,990 in May 2012.

JOB OUTLOOK
Employment of paralegals and legal assistants is projected to grow 17 percent from 2012 to 2022, faster than the average for all occupations. This occupation attracts many applicants, and competition for jobs will be strong. Experienced, formally trained paralegals with strong computer and database management skills should have the best job prospects.

ABOUT THE PROGRAM
The Paralegal Technology Associate of Applied Science degree program provides students with the educational background and training required to become a paralegal, legal assistant or legal aide. Graduates of the Paralegal Technology Program are able to assist a licensed attorney in providing legal services to their clients. The program provides the knowledge and skills regarding the legal system and substantive and procedural law necessary to perform many routine legal processes under the supervision of a licensed attorney.

WHAT DO PARALEGALS AND LEGAL ASSISTANTS DO?
Paralegals and legal assistants do a variety of tasks to support lawyers, including maintaining and organizing files, conducting legal research, and drafting documents.

WHERE DO THEY WORK?
Paralegals and legal assistants are found in all types of organizations, but most work for law firms, corporate legal departments, or government agencies. They usually work full-time, and overtime is sometimes needed to meet important deadlines.

ABOUT THE PROGRAM

The Digital Media Production Associate of Applied Science degree and College Certificate program will provide students with a broad survey of the digital production tools. The students will gain a theoretical grasp of the implications of digital mass communications through various digital media production courses and hands-on experience in digital video and sound production, web design layout, and design. The program may be pursued as a full-time or part-time study.

WHAT DO DIGITAL MEDIA PRODUCTION TECHNOLOGIST DO?

Digital Media Production Technologists use web publishing tools to develop content that can be shared online. They produce online content and digital visual effects for their customer often converging media (visual, textual, and audio) into interactive, digital methods of presentation.

WHERE DO THEY WORK?

Digital Media Production Technologists can be found working in private ad agencies, public and private organizations, television, video, special effects, animation, and feature film production companies.

Bookkeeping

ABOUT THE PROGRAM
The Bookkeeping short-term certificate is designed to provide students with in-depth instruction in the field of Accounting with a concentration in Bookkeeping. The program covers the foundational knowledge and skills needed to help process a company's business transactions. The curriculum focuses on the role of accounting in business and management. Students will encounter real-world scenarios where they will use accounting information resources and systems, and present conclusions based on accounting and business data. Additionally, students will use ledgers, journals, and worksheets to complete formal, informal, and quantitative accounting tasks.

WHAT DO BOOKKEEPERS DO?
Bookkeepers produce financial records for organizations. They record financial transactions, update statements, and check financial records for accuracy. As organizations continue to computerize their financial records, many bookkeeping, accounting, and auditing clerks use specialized accounting software, spreadsheets, and databases. Most clerks now enter information from receipts or bills into computers, and the information is then stored electronically. They must be comfortable using computers to record and calculate data.

The widespread use of computers also has enabled bookkeeping, accounting, and auditing clerks to take on additional responsibilities, such as payroll, billing, purchasing (buying), and keeping track of overdue bills. Many of these functions require clerks to communicate with clients. The professional, scientific, and technical services industry includes the accounting, tax preparation, bookkeeping, and payroll services sub-industry.

WHERE DO THEY WORK?
Bookkeeping clerks work in offices. Bookkeepers who work for multiple firms may do site visits to their clients’ places of business. They often work alone, but sometimes they collaborate with accountants and managers, and depending on the size of the organization, they may work with bookkeeping, accounting, and auditing clerks from other departments.

About the Program
The Auto Body Technology Associate of Applied Science degree is designed to provide students with in-depth instruction in the field of Automotive Body Paint and Repair. The Auto Body Technology Program is designed to develop qualified technicians who can diagnose, repair and service the body and finish work of automobiles. The program provides opportunities for the student to develop their skills and competencies for positions such as Automotive Painter, Auto Body Paint and Repair Technician, Collision Repair Technician, Glazier (glass repair specialist), as well as self-employment in the Auto Body and Auto Collision repair field. The program prepares students for Automotive Service Excellence (ASE) and State of Michigan certifications in Damage Repair and Refinishing, and Damage Analysis and Estimating.

What do Auto Body Technicians Do?
Auto Body Technicians inspect car frames for structural damage. Technicians can restore, refinish, and replace vehicle bodies and frames, windshields and window glass. Technicians can repair most damage from vehicle collisions and make vehicles look and drive like new. Damage may be minor, such as replacing a cracked windshield, or major, such as replacing an entire door panel. After a major collision, the underlying frame of a car can become bent out of shape. Repairers restore the structural integrity of car frames back to manufacturer specifications.

Where do they work?
Repair technicians work indoors in body shops, which are often noisy. Most shops are well ventilated to disperse dust and paint fumes. Repair technicians sometimes work in awkward and cramped positions, and their work can be physically demanding. Automotive glass installers and repairers often travel to the customer's location to repair damaged windshields and window glass.

Welding Technology

ABOUT THE PROGRAM
The Welding Technology Associate of Applied Science degree and College Certificate allow an individual to become entrepreneurial while adding diversity to their experience base. This program offers many opportunities for persons to make a sustainable living wage doing something that they enjoy. Consider a career in welding and start your training with us at WCCCD!

WHAT DO WELDERS DO?
Welding is the most common way of permanently joining metal parts. In this process, heat is applied to metal pieces, melting and fusing them to form a permanent bond. Because of its strength, welding is used in shipbuilding, automobile manufacturing and repair, aerospace applications, and thousands of other manufacturing activities. Welding also is used to join beams in the construction of buildings, bridges, and other structures and to join pipes in pipelines, power plants, and refineries.

WHERE DO THEY WORK?
Welders work in a wide variety of industries and settings, from car racing to manufacturing. The work that welders do and the equipment they use vary, depending on the industry. The most common and simplest type of welding today, arc welding, uses electrical currents to create heat and bond metals together—but there are more than 100 different processes that a welder can use. The type of weld is normally determined by the types of metals being joined and the conditions under which the welding is to take place.

The median annual wage for all railroad occupations was $52,400 in May 2012.

About the Program
The Light Rail Engineering Technology: Railroad Rules and Safety certificate is designed to prepare the student to work within the expanding passenger and freight railroad industry. Railroads employ a substantial workforce to service, maintain, operate and manage their transportation networks. While railroads are required by federal law to train their own employees, the basic safety concerns, rules, orders and regulations are all standardized in the industry. Students in this program will be exposed to these issues and be prepared to pass the standardized rail examinations required by each rail industry employer. Students will find employment with freight railroads, and passenger or light rail operations in railcar or track maintenance, dispatch, signaling, and many other related positions.

What Do Light Railroad Safety Workers Do?
Workers in railroad occupations ensure that passenger and freight trains run on time and travel safely. Some workers drive trains, some coordinate the activities of the trains, while others operate signals and switches in the rail yard.

Where Do They Work?
Nearly all locomotive engineers; conductors and yardmasters; and brake, signal, and switch operators work in the rail transportation industry. Rail yard engineers work in rail transportation and also support activities for rail.

MAT 111, 112, 113
Computer-Based Math Classes

WCCCD now offers redesigned mathematics courses that use technology to focus on the skills students need for college-level courses. Students who take these courses receive benefits including:

- Moving at their own pace in a classroom setting
- Working with their professor on their individual needs
- Collaborating with fellow students
- Completing the course

*How do I register for these courses?*

Log on to www.wcccd.edu and follow the links to register online.

*The course reference numbers for Fall 2015 are:*

DISTANCE LEARNING WORKS FOR YOU...

• ONL (Online/Live Online) • ITV (Interactive Television) • HYB (Hybrid)

ONLINE / LIVE ONLINE

ONLINE
Online courses are delivered via the Internet. The Internet links faculty and students through the computer, whether they are in the same city or on opposite sides of the world. Online courses offer you rigorous, high quality instruction and the flexibility of accessing them anytime, anywhere. Of course, students must participate fully in online courses, and are required to complete assignments and meet deadlines. The major advantage of an online course is its continuous format which allows students to work at the times that best suit them. You can access your course 24 hours a day, seven days a week.

LIVE ONLINE
Live online courses are delivered via the computer at specified days and times. Text, graphics, and audio are sent to the students’ computers simultaneously for online collaboration and learning with an instructor. Course sessions may be archived for review or makeup of missed class sessions.
You should purchase a headset with a microphone.

ONLINE PLATFORM
The online platform is the Blackboard distance education platform. Blackboard courses do not require any special software. You must have a Java-enabled browser, such as Internet Explorer.

ITV – INTERACTIVE TELEVISION

Interactive Television makes it possible for students to participate in courses they may not have been able to take because of travel restrictions or low enrollments. The WCCCD Interactive Television system currently allows students to take live classes by videoconferencing at all campus locations. Generally, instructors rotate between ITV locations, providing students with the opportunity of live contact.

HYBRID

Hybrid is a term used interchangeably with the term “blended learning”. The model of course design combines traditional, face-to-face class time with online and out of class course work. The degree to which the design of hybrid courses utilizes traditional classroom and online learning environment varies, being largely dependent on the subject matter and overall nature of a course.

GENERAL INFORMATION FOR ONLINE AND HYBRID COURSES

BLACKBOARD ORIENTATION (Choose from one of two options)
Students taking their first online class must successfully complete a mandatory orientation either online or face-to-face.

ONLINE ORIENTATION:
Go to www.wcccd.edu, then click Distance Learning, click Blackboard, and click Begin Orientation. On the first day of the semester, you will be allowed to log on to Blackboard with your WCCCD ID and PIN.

WHERE TO GO FOR HELP
Contact Distance Learning by email at distancelearning@wcccd.edu for all distance learning courses.
FACE-TO-FACE BLACKBOARD ORIENTATION SESSION:
Due to limited seating, students must Email Distance Learning at distancelearning@wcccd.edu, to make a reservation for one of the sessions listed below. The Distance Learning Department will respond with a confirmation email. STUDENTS ARE NOT ALLOWED TO ATTEND WITHOUT A CONFIRMATION EMAIL FROM DISTANCE LEARNING.

FACE-TO-FACE BLACKBOARD ORIENTATION SCHEDULE

* Downriver .............................................. Tuesday, 8/18/15, 6:00 pm-7:30 pm
* Downtown .................................................. Wednesday, 8/19/15, 10:00 am-11:30 am
* Contact distancelearning@wcccd.edu for room numbers.
* Be sure to complete the online orientation if you are unable to attend the face-to-face orientation.

BLACKBOARD COURSE SITES
Access to course sites will be granted on the first day of the semester.

COMPUTER SKILL REQUIREMENTS
It is important to have a working knowledge of your computer peripherals and software applications.

MINIMUM EQUIPMENT REQUIREMENTS
Platform: PC (Windows XP, Vista, 7), Mac (OSX 10.5, 10.6)
Hardware: 2 GB of RAM, 2 G of free disk space, sound card with speaker
Modem: Ethernet or wireless network card
Software: Microsoft Word, Adobe Acrobat Reader. MAC users will need to have Microsoft Office for MAC.
Browser: Internet Explorer 8 or later, Mozilla 3.5 or 3.6, Safari 3.2, 4.0
NOTE: JavaScript & Cookies must be enabled.

REGISTRATION INFORMATION
Online classes follow the same registration, withdrawal, and refund guidelines as face-to-face classes.

WHERE TO GO FOR HELP
Contact technical support 24/7 at 1-866-846-8494 or live chat technical support at www.wcccd.edu, click on Distance Learning, then click on Blackboard Technical Support (Live Chat 24/7) or email inquiries to distancelearning@wcccd.edu.

FOR MORE INFORMATION ABOUT BEING AN ONLINE STUDENT
Information about distance learning classes are available on our website at http://www.wcccd.edu (click on Distance Learning logo).

FOLLOW THESE COURSE GUIDELINES
- Complete the Distance Learning Questionnaire at http://www.wcccd.edu under Distance Learning and then click the Blackboard (Bb) icon. This questionnaire will help you determine if online courses fit your learning style.
  This questionnaire will help you determine if online courses fit your learning style.
- Review your personal schedule to set aside appropriate time for your online course work.
- Remember you will be expected to connect to and participate in the online class throughout the week.
Access to course sites will be granted on the first day of the semester

First time Blackboard User:

1. Visit the WCCCD web site at www.wcccd.edu
2. Click "Distance Learning"
3. Click "New Distance Learning Students Enter Here" (once reading the letter)
4. After reading the letter click “here”
5. Click “Begin Orientation”
6. Click Login and enter credentials.

Use your WCCCD ID number and PIN to login.

Your PIN should be your Web-gate PIN or birthdate (e.g., January 2, 1944 would be 010244 for the PIN number). If you have problems logging into this system please contact technical support 24/7 at 1-866-846-8494 and provide your WCCCD ID, full name, and birthdate. You will receive further assistance via Email.

Please Note: Beginning the first day of the semester, new registrations for online courses gain access four (4) hours after enrolling.

7. From your “Home” page, click on the course link to enter the course site.
8. Be sure to click on "Logout" each time you leave the course.

Returning Blackboard User:
There are two ways to access Blackboard

1. Visit the WCCCD web site at www.wcccd.edu
2. Click "Distance Learning"
3. Click "Blackboard"
4. Click “Log In”
5. Log into Blackboard using your WCCCD ID and PIN
6. Be sure to click on "Logout" each time you leave the course

-OR-

1. Go to blackboard.wcccd.edu
2. Click “User Log In”
3. Enter your WCCCD ID and PIN
4. Be sure to click on "Logout" each time you leave the course
A $20.00 per class fee will be assessed for each distance learning course.

Welcome to the Downriver Campus. We understand that education and training are significant factors for future success and this is the right time to gain a competitive advantage whether you are pursuing short-term training, a one-year college certificate, or an associate degree. We are a vibrant learning community for students and faculty and proud of our outstanding programs and services.

We hope you will take advantage of the opportunities available at the Downriver Campus and throughout the Wayne County Community College District to participate in student life and continuing education. As the home for the District’s Heinz C. Prechter Education and Performing Arts Center, the Brown and Juanita Ford Art Gallery, and the Michigan Institute for Public Safety Education, the Downriver Campus is host to a number of cultural events, conferences, workshops, seminars, exhibits, and performances. You have an open invitation to these and other activities. As well, we encourage you to help us spread the word about the great things happening at the campus and throughout the District in our community.

Thank you for being a member of our learning community and remember to strive for excellence in all that you do.

Anthony T. Arminiak
Campus President, Chief Academic Officer and MIPSE Provost

Welcome to the Downtown Campus where our focus is business, information technology, natural science, and international programs. We are home to the District’s Language Institute, the new Cyber Security Center, as well as, the Brown and Juanita Ford Art Gallery located in the Learning Resource Center.

Situated on the international border between the United States and Canada, we invite you to take advantage of exciting and informative cultural programs, workshops and seminars that address the heritage, customs and languages of those living and working in the region. We live in a global community and as you walk through the Downtown Campus atrium, you will see a display of flags that represent the countries of origin of our students. As well, come and experience the District’s Language Institute where there are opportunities to learn new languages and explore other cultures.

This is truly a diverse community and we are proud of a faculty and staff committed to provide an exceptional level of instruction and academic support for all students. We appreciate that you have joined us in this vibrant learning community and share our encouragement as you pursue your studies, dreams and aspirations.

Denise Shannon
Campus President and Chief Academic Officer
Not all courses and programs are offered every semester at each campus. Programs are offered District-Wide, meaning that students can sometimes expect to attend classes at more than one campus in order to complete programs.

Welcome to the Eastern Campus. This is an exciting time to be part of a vibrant learning community that extends throughout our service area. We hope that you will take advantage of the many opportunities that can help you succeed on your educational journey while earning an Associate Degree.

The Eastern Campus is home to exciting programs in Advanced Technology, including the Advanced Manufacturing Center, Information Technology, Welding, Digital Media Production, Auto Body Technology, HVAC, Geothermal Technology, Numerical Control, and the Entrepreneurship Institute and Resource Center. You will find an array of traditional courses and non-credit/workforce development offerings designed to meet the needs of a dynamic, challenging and globally competitive environment.

Along with a commitment to provide exceptional academic and career programs, our faculty and staff work to create opportunities for transformation and growth within our region. We support local businesses, organizations, entrepreneurs and faith-based groups in attaining their strategic goals and successful outcomes through the provision of workshops and seminars.

I encourage you to work hard, set high expectations and rise to achieve your goals and aspirations.

Mawine G. Diggs
President and Chief Academic Officer
Not all courses and programs are offered every semester at each campus. Programs are offered District-Wide, meaning that students can sometimes expect to attend classes at more than one campus in order to complete programs.

I am pleased to welcome you to the Northwest Campus and the home for health science programs for the District. It is an exciting time to be part of the Northwest Campus and the vibrant WCCCD learning community. We are proud of our faculty and staff working to deliver exceptional instructional services and academic support to assist you in your educational sojourn. As well, the many opportunities for you to be engaged in campus life, continuing education programs, and activities that allow for an increase in awareness, understanding of critical issues facing our region and nation, and provide a chance to serve our community.

We are excited about the Larry K. Lewis Building supporting expanding our capacity for instruction, computer laboratories and student spaces within an environment featuring sustainable systems powered through geothermal, photo-voltaic technologies, water capture and grey-water bio-treatment systems. Many of these same systems have been integrated throughout the campus.

The Health Science Center located on the campus is a district-wide resource for students, faculty and our community and features outstanding nursing and allied health career programs. Along with the Michigan Institute for Public Safety Education, we are working to support wellness, safety and health education through the District and region. This is in addition to the partnerships that have been established with human service agencies, child development, and child welfare organizations to strengthen resources and communication on critical issues affecting those who live and work in Wayne County.

We wish you much success and encourage you to take advantage of every opportunity for growth, enrichment and expansion of knowledge available to you.

Dr. Letitia Uduma
Campus President

It is an exciting moment to be part of the Wayne County Community College District family and I welcome you to the Western Campus and a learning community that is going “green” in a significant way. We hope you will explore the many opportunities available here and throughout the District that can position you for success in a global world. Along with an emphasis on digital technologies including the video game design and animation curriculum, information technologies, health-related offerings, and sustainable design and building programs, the campus is a center for regional activities accommodating meetings, public events and activities in the Conference Center.

We are proud of the work taking place around the grounds of the facility to improve energy efficiency, recreation, and protection of the wetlands. The Campus supports physical fitness and wellness programs for the Western region and is now home to the Mary Ellen Stempfle University Center at the Western Campus. As well, we offer a number of exciting continuing education opportunities and programming open to the community.

I invite you to become engaged as a active member of our learning community. Your success is important to us and we look forward to the opportunity to serve you.

Michael Dotson
Campus President and CAO

Welcome to the Wayne County Community College District Mary Ellen Stempfle University Center!

You will find an exceptional environment and a strong learning community supported by our Senior Institutions of Higher Learning at the Mary Ellen Stempfle University Center. Our senior university/college partners, including Ferris State University, Madonna University, Michigan State University, University of Michigan-Flint, University of Detroit Mercy, Western Michigan and Northwood University, provide opportunities to complete degrees and access graduate level courses without having to leave the region. We are working to increase the number of university/college partners and opportunities for learning beyond the Associate degrees available through the District.

The Mary Ellen Stempfle University Center is a unique facility with atrium exhibit space and the capacity to host conferences, workshops, seminars and meetings in a large lecture theatre and spacious classrooms. We invite you to take advantage of the many opportunities for continuing education courses and community activities held throughout the year. Along with WCCCD courses offered at the University Center, we are also home to the Harper Woods Public School’s dual enrollment program and a growing number of dual enrollment/concurrent enrollment initiatives with secondary schools within the region.

Wayne County Community College District is also pleased to introduce to the community the Mary Ellen Stempfle University Center’s new Center for Distance Learning building, which serves as a resource that supports the development and use of the latest in digital technology focusing on a wide array of learning modalities in virtual classrooms, distance learning and teleconferencing. The Center for Distance Learning offers video production services, online course instructional design, virtual and distance learning classrooms and a digital repository of learning resources. The Center additionally provides continuing education courses and community activities, access to webinars, space for professional development and community meetings in a technologically enhanced environment.

We are proud of this latest resource and encourage you to visit both sites to experience all that we have to offer at the Mary Ellen Stempfle University Center and the Mary Ellen Stempfle University Center - Center for Distance Learning. This is a great time to become a member of the WCCCD family. We extend an open invitation to you to join this exciting community.

Dr. Sandra T. Robinson
Provost, Mary Ellen Stempfle University Center
Not all courses and programs are offered each semester at each campus. Programs are offered District-Wide, meaning that students can sometimes expect to attend classes at more than one campus in order to complete programs.

**HOURS OF OPERATION:**
- Monday-Thursday: 7:30am-10:00pm
- Friday: 8:30am-5:00pm
- Saturday: 8:30am-4:00pm

- Student Services, such as admissions, counseling and registration, are not available at the UNIVERSITY CENTER. For assistance with these services, please visit the Eastern Campus or other WCCCD campuses.

Can't find the class you need? Try a different location. We have six locations and Distance Learning to serve you.
Drug Free Workplace
Wayne County Community College District makes every effort to provide a drug-free workplace and environment. The District expressly prohibits the unlawful manufacture, distribution, dispensation, possession, or use of any controlled substance in the workplace. The term “controlled substance” shall mean a controlled substance in schedules I through V of Section 202 of the Control Substance Act (21 U.S.C. 812).

Any individual found to be in violation of this policy has engaged in a gross misconduct and is subject to disciplinary action, up to and including expulsion for students, termination for employees, a permanent ban from the premises for visitors, and/or criminal prosecution for all violators.

All employees shall, as a condition of their employment, abide by the terms in this policy. In addition, employees engaged in the performance of any federal grant or contract will notify their supervisor and/or personnel department of any criminal drug statute conviction occurring in the workplace no later than five (5) days after such conviction (Approved 6/28/89).

Smoke-Free Compliance
In compliance with the Michigan Clean Indoor Air Act, Wayne County and City of Detroit Ordinances, Wayne County Community College District and its facilities are smoke-free.

Statement of Compliance
Wayne County Community College District (WCCCD), pursuant to the requirements of Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Vietnam-Era Veterans Readjustment Assistance Act, the Elliot-Larsen Civil Rights Act, Executive Order 11246, and Title II of the Americans with Disabilities Act (ADA) complies with all Federal and State laws and regulations prohibiting discrimination and with all requirements and regulations of the U.S. Department of Education.

It is the policy of WCCCD that no person, on the basis of race, color, religion, national origin, age, sex, height, weight, marital status, disability, or political affiliation or belief, shall be discriminated against, excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in employment or in any program or activity for which it is responsible or for which it receives financial assistance from the U.S. Department of Education. (Policy adopted by the Wayne County Community College District’s Board of Trustees, July 28, 1993)

Notice of Non-Discrimination
Any questions concerning Title IX of the Education Amendments of 1972 which prohibits discrimination on the basis of sex, or inquiries related to Section 504 of the Rehabilitation Act of 1973 which prohibits discrimination on the basis of handicap, and inquiries related to Title II of the Americans with Disabilities Act (ADA) which provides comprehensive civil rights protection for individuals with disabilities, or the District’s Statement of Compliance with Federal and State law, should be directed to the Director of Human Resources, Wayne County Community College District, 801 W. Fort, Detroit, MI 48226 or by calling: 313-496-2765.

Grievance Procedures

TITLE VI OF THE CIVIL RIGHTS ACT OF 1964
TITLE IX OF THE EDUCATION AMENDMENT OF 1972
SECTION 504 OF THE REHABILITATION ACT OF 1973
AMERICANS WITH DISABILITIES ACT (ADA)

If any student believes that Wayne County Community College District or any part of the school’s organization has not applied the principles and/or regulations of (1) Title VI of the Civil Rights Act of 1964; (2) Title IX of the Education Amendment of 1972; (3) Section 504 of the Rehabilitation Act of 1973; or the ADA, the student may bring forward a complaint (which shall be referred to as a grievance through this text) to the local Equal Opportunity Compliance Coordinator at the following address:

Wayne County Community College District
District Vice Chancellor for Human Resources and Accountability
2nd Floor, 801 W. Fort, Detroit, MI 48226
telephone: 313-496-2765

The appropriate procedures must be followed by the student in order for his/her grievance to be thoroughly reviewed for merit. The grievance procedures (steps) are outlined below.

Grievance Procedure For EOCC Complaints
The person who believes he/she has a valid basis for a grievance shall discuss the grievance informally on a verbal basis with the Equal Opportunity Compliance Coordinator, who shall in turn investigate and reply to the complaint with an answer to the grievance. The student may begin formal procedures according to the following steps.

Step 1
A written statement of the grievance signed by the student shall be submitted to the Equal Opportunity Compliance Coordinator within five (5) business days of receipt of the answers to the informal grievance. The coordinator shall further investigate the matters of grievance and reply in writing to the student within five (5) business days.

Any complaint submitted under this procedure shall be filed at Step 1 within twenty (20) business days after the student becomes aware or reasonably should have become aware of the complaint. If the complaint is not served within that time, it will not be considered. Failure by the student to appeal the complaint from Step 1 to Step 2 within the stated time limit procedure shall also nullify the complaint.

Step 2
If the student wishes to appeal the decision of the Equal Opportunity Compliance Coordinator, the student may submit an appeal to the Chancellor of the District within five (5) business days after receipt of the Coordinator’s response. The Chancellor (or a designee) shall meet with all parties involved within ten (10) business days to formulate a conclusion, and respond in writing to the student within ten (10) business days.

Step 3
If at this point the grievance has not been satisfactorily settled, further appeals may be made to the Office of Civil Rights, Department of Education, Washington, D.C. 20201.
The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974, FERPA is a federal law that states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student educational/financial records.

WCCCD accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to, nor will the institution disclose, any information from the student’s educational/financial records without the written consent of the student except to personnel within the institution, to officials of other institutions in which the student seeks to enroll, to persons or organizations providing the student with financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the WCCCD community, only those members, individually or collectively, acting in the student’s educational interest are allowed access to student educational records. These members include personnel in the Offices of Admissions and Records, Student Services, and academic personnel within the limitations of their need to know.

At its discretion, the institution may provide Directory Information in accordance with the provisions of the Act to include: student name, address, telephone number, email address, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold Directory Information by notifying the Vice Chancellor of Student Services in writing within two weeks after the first day of class for the semester.

Requests for nondisclosure will be honored by the institution for only one academic year. Therefore, authorization to withhold Directory Information must be filed annually with the Vice Chancellor of Student Services. Forms utilized to make this request are available in the Office of Admissions and Records at all campus locations.

For additional information regarding the Family Education Rights and Privacy Act please visit our website at www.wcccd.edu and reference the Student Handbook.

Social Security Number Privacy Act

The State of Michigan has recently enacted the Social Security Number Privacy Act that requires all public and private businesses and institutions to enact a policy regarding the protection and disclosure of social security numbers. In compliance with this law and in furtherance of Wayne County Community College District's commitment to protect the privacy of its students, a Social Security Number Protection Policy has been adopted by the District.

In accordance with this policy, all students should be aware that their social security number will not be publicly displayed with more than four (4) sequential digits, or used as a primary account number by the District. Furthermore, students will not be required to supply their social security number to gain access to any computer system, internet websites or networks administered by the District.

Additionally, in order to avoid inadvertent disclosure, no document will be mailed or electronically transmitted by the District that contains more then four (4) sequential digits of a student's social security number unless required by state or federal law, a court order or under the other conditions expressly stated in the District's Policy. Also as part of its Social Security Number Protection Policy, the District has adopted disposal procedures that require all documents that contain a student’s social security number be either eradicated or destroyed.

If students have any questions about this policy, or need clarification on any of the District's procedures concerning social security numbers, please either consult the District's Policy Manual online at www.wcccd.edu or contact the Administration.

Student Rights and Responsibilities

The District publishes a document – the Student Handbook which includes the Student Code of Conduct and expects that every student will become familiar with this information. This document is designed to help you successfully navigate through the educational process at WCCCD and outlines our expectations for student behavior. It is the student’s responsibility to become familiar with this publication and refer to it as needed. You may obtain a copy of the Student Handbook on our website at www.wcccd.edu.
District Police Authority

Introduction To District Police Authority

Safety and security are important issues for the entire Wayne County Community College District community. Each member of the District's campus communities — faculty, staff and students — is responsible for taking an active role in both reporting and preventing incidents that might jeopardize the safety of others attending, visiting or working at Wayne County Community College District. It is the District's intent to provide the safe environment needed for its members to successfully pursue their various goals.

The following information is provided in compliance with the Crime Awareness and Campus Security Act (Title II, Public Law 101-542), as amended, and the Drug-Free Schools and Communities Amendments of 1989 (Public Law 101-226).

I. Campus Crime Reporting Procedures

All criminal incidents and emergency situations are to be immediately reported to an officer located at the District Police Authority station at each of the District's facilities. Depending on the nature of the situation, appropriate police authorities are contacted. Incident reports are prepared, reviewed by District administrative personnel, and, if warranted, further actions are taken as governed by law, employee labor contracts, and student conduct policies. All staff, faculty, students, and visitors are encouraged to report any suspicious persons, activities, and events, as well as actual incidents and emergency situations to District safety personnel.

II. Campus Security and Access

Exterior lighting, patrols, alarm systems, and specific surveillance monitoring of interior and exterior buildings are just a few of the security measures taken by the District for the safety of the District community. All students, faculty, staff and visitors are encouraged to be actively aware of their surroundings and mindful of their personal protection. Concerns regarding exterior lighting and other safety matters should be reported to District safety personnel.

Students, employees, and visitors have access to most areas on the campuses during regular District hours as posted at each facility. A high-security keying system is used to limit access to computer areas, laboratories, storage areas, shops, and similar areas to times when an attendant is present. Administrative hours are 7:30 a.m. to 10:00 p.m., unless otherwise posted. Parking is limited to students, staff and visitors.

III. Campus Law Enforcement

WCCCD Police Authority, a law enforcement agency now has complete police authority to apprehend and arrest anyone involved in illegal acts on all of the Campuses. In the event of a major offense (i.e. aggravated assault, robbery and auto theft) the WCCCD Police Authority would report the offense to the local police and pursue joint investigative efforts. If minor offenses involving college rules and regulations are committed by a student, the campus police authority may also refer the individual to the disciplinary division of Student Affairs.

Under oversight from the Michigan Commission of Law Enforcement Standards (MCOLES), a division of the Michigan State Police, the Police Authority was also approved by the Wayne County prosecutor and the local police chiefs. WCCCD has officers sworn in as Security Police Officers, also referred to as "Police Authority," and have misdemeanor arrest authority while on active duty, on the college’s premises and in full uniform. The Director of District Police Authority is responsible for licensure and all of the officers that have the arrest authority must meet minimum requirements related to age, security or law enforcement experience and suitable background including absence of any felony conviction and specific misdemeanor convictions. The law requires these officers to be trained as required by the Michigan State Police. Currently, Security Police Officers are required to be trained at MIPSE in the following areas:

- Legal - criminal law and procedure; civil law and diversity
- Special Curriculum - including firearms familiarization and defensive tactics
- Critical Incident Curriculum - CPR/first aid; non-violent intervention, and emergency preparedness
- Patrol Operation
- Annual, Mandatory Maintenance Curriculum - first aid; emergency preparedness; legal update; defensive tactics and firearms range qualifications or strategic video training for those who carry firearms

IV. Substance Abuse

Wayne County Community College District is committed to providing a drug-free environment for all of the District’s community members — students, employees and visitors. The District believes that drug abuse education and prevention programs are essential components of a comprehensive strategy to deal with illicit drug use and alcohol abuse on District premises or during District-related activities.

Students, employees, and visitors to the District are expected to observe all federal, state, and local laws and District regulations governing the use and possession of alcoholic beverages, narcotics, dangerous drugs, or controlled substances. All students, employees, and visitors are specifically forbidden to use or possess alcoholic beverages, narcotics, dangerous drugs or controlled substances, or to be under their influence while on District property.

For students, violation of District regulations may result in disciplinary action up to and including expulsion from the District and referral for prosecution. Employees who violate District regulations are subject to disciplinary action up to and including termination from employment at the District. In the case of District visitors, failure to follow regulations may result in a request to leave District property or the District activity. It also may result in referral to local police agencies.

The entire Alcohol and Drug Abuse policy is outlined in the Wayne County Community College District Student Handbook, which can be obtained in any Campus Student Services Office. The Board of Trustees Policy 4.1.10, Substance and Alcohol Use on Duty, regarding employees, is available from the Board of Trustees Office and is outlined in the Employee Handbook.
V. Drug and Alcohol Prevention Awareness

To assist individuals in substance abuse prevention and awareness, students are encouraged to seek assistance through the office of student services. Student services will refer students to the proper resources to gain information related to substance avoidance and/or counseling. In addition, students are encouraged to attend all orientations, substance abuse/awareness workshops and seminars. The office of Student Services may be reached by calling 313-496-2634.

VI. District Police Authority and Security Awareness

It is the intent of Wayne County Community College District to make every effort to prevent crime rather than react to crime after it has occurred. The District makes every effort to inform the District community on matters of awareness, events of importance, and personal safety. Bulletin boards are maintained at each District Police Authority station. Information pertinent to safety concerns, personal protection, community feedback, and other information that might be required by applicable laws and ordinances is posted on these bulletin boards. Further crime prevention activities are provided by such programs as the following:

Electronic Alarm Systems — Alarms are installed in a number of areas to monitor unauthorized entry, exit, movement, etc.

Emergency Alert System — District Wide text and Email notification system.

Security Patrols — District Police Authority personnel patrol the campus grounds and buildings on foot, bicycle and in vehicles.

Parking Controls — Observation booths and vehicle registrations are used to provide additional security and control.

Student Handbook — The Student Handbook contains materials regarding the Student Code of Conduct, District policies, the Alcohol and Drug Abuse policy, and other matters of conduct.

VII. Information

For further information concerning safety measures or specific questions regarding crime, contact the District Director of Police Authority at 801 W. Fort, Detroit, MI 48226; or by calling 313-496-2650.

Crime Statistics

Crime Statistics are available for disclosure pursuant to Section 485 of the Higher Education Act of 1965, as amended by the Student Right-to-Know and Campus Security Act (P.L. 101-542) and the Higher Education Technical Amendments of 1991 (P.L. 102-26) for two-year institutions.

Campus Crime Reporting Statistics

In accordance with the Section 485(a) and (f) of the Higher Education Act, and Section 225 of Public Act 109 of 1999, the crime statistics for the Wayne County Community College District are now available for viewing on the world wide web.

To access the web site, please use the following addresses.

• http://ope.ed.gov/security
• http://www.wcccd.edu/dept/crime_statistics.htm

Per the U.S. Department of Education, Office of Postsecondary Education, this web address is subject to change and is undergoing continuous updates as new data is received.

In addition, in accordance with the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act (42 U.S.C. 14071), each institution of higher learning may access a list of all registered sex offenders attending and/or working at their site by accessing the search option on the Public Sex Offender Registry Web Site. It is updated every morning at 6 a.m.

Clery Act

In compliance with the Student Right-to-Know and Campus Security Act enacted Nov. 8, 1990, later formally renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and commonly referred to as simply the Clery Act, the Wayne County Community College District District Police Authority Department collects and publishes specific information on campus crime statistics, security policies and services. The WCCCD District Police Authority Department is service-oriented, trained in professional standards and dedicated to the safety and comfort of our students, faculty, staff and visitors. Our primary concern is to protect life and property and to allow the educational process to evolve safely.

All criminal incidents and emergency situations are to be immediately reported to the District Police Authority officer located at the security station at each of the District’s campus facilities. Depending on the nature of the situation, appropriate police authorities will be contacted. Incident reports are prepared and reviewed by District administrative personnel, and, if warranted, further actions are taken as governed by law, employee labor contracts, and student conduct policies. All staff, faculty, students, and visitors are encouraged to report any suspicious persons, activities, events, as well as actual incidents and emergency situations to the District Police Authority security personnel immediately.

Wayne County Community College District’s annual security report is now available. This report is required by federal law and contains policy statements and crime statistics for the school. The policy statements address the school’s policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years’ worth of statistics are included for certain types of crimes that were reported to have occurred on campus.
in or on off-campus buildings or property owned or controlled by the school and on public property within or immediately adjacent to the campus. This report is available online at http://www.wcccd.edu/dept/cleryAct.htm. You may also request a paper copy from the Director of District Police Authority.
