Global Supply Chain Management

PAY

The median annual wage for logisticians was \$74,590 in May 2017.

JOB OUTLOOK

Employment of logisticians is projected to grow 7 percent from 2016 to 2026, as fast as the average for all occupations. Employment growth will be driven by the important role logistics plays in the transportation of goods in a global economy. Job prospects should be best for those with a college degree and work experience related to logistics.

Bureau of Labor Statistics, U.S. Department of Labor, Occupational Outlook Handbook, April 2018, Logisticians, on the Internet at <http://www.bls.gov/ooh/business-and-financial/logisticians.htm>

ABOUT THE PROGRAM

The Global Supply Chain Management College Certificate program is a unique business management program that prepares graduates for employment in the areas of logistics management, inventory control, materials management, and distribution. The field of global supply chain management includes occupations such as supervisors and/or managers of transportation, storage, and/or distribution; helpers, laborers, and/or hand material movers; and transportation/machine and vehicle material movers. The program combines core education courses with specific occupational courses in the area of customer service, supervision, and supply chain management.

WHAT DO GLOBAL SUPPLY CHAIN MANAGEMENT PROFESSIONALS DO?

Logisticians analyze and coordinate an organization's supply chain—the system that moves a product from supplier to consumer. They manage the entire life cycle of a product, which includes how a product is acquired, distributed, allocated, and delivered.

WHERE DO THEY WORK?

Global supply chain management professionals work in nearly every industry. The job can be stressful because logistical work is fast-paced. Most logisticians work full time during regular business hours.
