

PRINTING & COPYING

All library computers print to a combined photocopier/printer. Printouts/copies are 10 cents per page for black and white.

Your WCCCD One Card is also a debit card for printing. Once you have placed cash on the card at the One Card campus machines, you can use it to do library computer printing or to make photocopies in the library.

If you require assistance with purchasing a card, printing from the computers, or in making photocopies, library staff is available to help you.
