**Building A Continuum of Excellence**

**Workshop Tracks**

**Track 1**
Leadership and Professionalism

Identify your personal strengths as well as the institutional capabilities that leaders need to lead high performing community colleges. Build these capabilities throughout your career with proven strategies for professional success.

**Track 2**
Instructional Strategies and Career Programs

How do we prepare all students to achieve greater success in their education, career, and beyond? Team-based learning, mentored research, assistive technology, peer-to-peer instruction, social media, problem-based learning – these strategies are being used to enhance the learning environment and engage students.

**Track 3**
Student Services

Student Services promotes student success by engaging prospective, new and current students in a spirit of inclusivity, engagement, and excellence. Curricular and co-curricular opportunities through Student Services offer quality programs and services designed to stimulate intellectual curiosity and critical thinking while providing information, guidance, support, and access to our campus-based learning community District-wide.

**Track 4**
Integrated Technology

From Word, Excel, and PowerPoint to helpdesk services, virtualization, kiosks, and the “Cloud,” the use of the technology has become part of the structure of the community college. New technologies will be introduced to higher education professionals who desire innovative ways to produce more powerful presentations and services to students, faculty, and the community.

**Track 5**
Health and Work-Life Balance

Not only is achieving a healthy work-life balance an attainable goal but staff, administrators, and faculty alike know the rewards and tradeoffs of pursuing a healthy life-style and seeking balance in and work. Become informed about how to be healthier, more productive, and fulfill your important career and life goals.

**Track 6**

Nursing faculty led by the Nursing Curriculum Revision Task Group will continue their work in this session with a review of revisions completed, what’s ahead, timeline for completion, and plans for systematic evaluation.
We are the best when it comes to studying abroad!

Wayne County Community College District (WCCCD) strives to empower its students to experience the diverse cultures of the world and to be academically competitive in a global society. The District’s Study Abroad Program provides its students with an exemplary international experience comparable to a classroom without walls. Global citizenship requires an appreciation of diversity and encourages learning about other cultures. Such knowledge helps students dispel fears enabling them to feel comfortable in an ever-changing world. The program has exposed students to foreign languages, cultures, values, socio-economic issues, and the standards of living of people from around the world.

Reasons and benefits for studying abroad:

- Lasting memories
- New relationships and friendships
- Becoming global-minded

- Enriched college experience that enables students to engage and learn in a new cultural environment
- Exciting adventures
- Changed outlook on life and perspective of the world
- Encourages students to try new things—food, language and social interaction

Career Benefits

- Studying abroad does more than promote academic enrichment and personal growth. It also can enhance the prospects for employment, especially in the fields of business, international affairs, and government services.
- Today’s employers are increasingly seeking employees who have a sense of the world outside their own environment or boundaries.
- Students who have studied abroad are likely to possess international knowledge and often times second language skills.

Some current statistics for studying abroad:

97% self-study abroad helps me gain self-confidence
96% self-take them to new understanding of strengths and weaknesses
99% said they are all still in touch with the people they met while abroad
96% said they are still in touch with the people they met while abroad

GET YOUR COLLEGE FUTURE STARTED NOW!

Dual Enrollment is:

- Cost Effective way to jumpstart your college career.
- Convenient option for taking classes at one of five campus locations, at your high school or online.
- Scholarship opportunities available to those who qualify.
- Access to all of WCCCD’s support services.
- Shortens the time required to complete an undergraduate degree.

FOR MORE INFORMATION CALL 313-496-2634 OR EMAIL: DUALENROLLMENT@WCCCD.EDU
Individuals from all socio-economic and ethnic backgrounds should have equal opportunity to obtain a college degree. We further believe that students who are otherwise qualified should not be denied access to higher education due to barriers associated with economic, cultural, academic, or disabling conditions.

Our goal is to assist first generation & low income-qualified students to graduate from the Wayne County Community College District.

The TRIO Student Support Services program is a federally-funded program providing services designed to help Wayne County Community College District students succeed. We provide qualified students with a series of academic support services:

- Study skill development to achieve academic success.
- One-on-one and group tutoring to master course content
- Academic and personal advising.
- Advisement to help students transfer to a four-year college or university.

Advisors design an individualized plan serving as a guide for accomplishing personal and academic goals for each student based on his / her:

- Study skills
- Academic/financial need
- Career Goals

The TRIO program can accommodate a maximum of 350 participants each year. If you are interested in qualifying for these services and receiving personalized help in a caring environment, please contact the District Student Services Office at 313-496-2804.
Wayne County Community College District’s mission is to empower individuals, businesses and communities to achieve their goals through excellent accessible services, culturally diverse experiences and globally competitive higher education and career advancement programs.

Wayne County Community College District’s Police Authority supports the College’s core mission by providing a safe and cordially environment. They are committed to:

- Crime Prevention
- To serve all people with respect, fairness and compassion,
- Enforce all applicable local, state and federal laws,
- Enforce college rules and regulations,
- Deliver a variety of services in a professional and competent manner

The WCCCD Police Authority Department is a fully-sanctioned law enforcement agency dedicated to protected property, students, faculty, staff, and visitors on all WCCCD campuses. Recently, the District Communication Control Center upgraded the Closed Circuit Television monitoring system to ensure high quality resolution and coverage of the entire District. This will provide for live viewing of more areas on campuses, increase responsiveness to crimes in progress as well as enabling timeline viewing of footage to aid in crime resolution, suspect identification, prosecution, and restitution.

WCCCD’s Annual Security Report is required by federal law and contains police statements and crimes statistics for the District. The report is available online at www.wcccd.edu. You may also request a hard copy from the District Police Authority Department.
