The TEAS is an assessment of one’s academic preparedness for college-level educational programs such as nursing. Success in a nursing program begins with a solid foundation in Reading, Math, Science, English, and Language Usage. Students applying for admission to the nursing program at Wayne County Community College District (WCCCD) will be required to take and successfully pass the TEAS test. If a student is not successful, they must wait 45 days in order to retake the test. Students are only allowed to take the test 3 times. After the 3rd unsuccessful attempt, students forfeit eligibility for the nursing program at WCCCD. Nursing applicants MUST take the TEAS test at WCCCD.

The TEAS test includes 170 scored multiple-choice questions divided into four subsections: Mathematics, Reading, Science, English, and Language Usage. Questions in each of the four subsections cover the following:

- **Reading**—paragraph comprehension, passage comprehension, and inferences/conclusions (40 items, 50 minutes).
- **Math**—whole numbers, metric conversions, fractions, decimals, algebraic equations, percentages, and ratio/proportions (45 items, 56 minutes).
- **Science**—science reasoning, science knowledge, biology, chemistry, anatomy, physiology, basic physical principles, and general science (30 items, 38 minutes).
- **English and Language Usage**—punctuation, grammar, sentence structure, contextual words, and spelling (55 items, 65 minutes).
