Wayne County Community College District’s Professional Closet is a multi-campus program dedicated to providing professional attire to WCCCD students, who are preparing for an interview, networking, or participating in an internship where professional attire is needed. The Professional Closet has been very successful, thanks to donations from people like you! However, the program’s support is needed year-round and it is a continuous effort to keeping the closet stocked. Please help make a difference in a student’s life by donating new and gently used professional attire to WCCCD’s Professional Closet today!

For more information, please contact Blane Hailemichael at bhailem1@wcccd.edu
