COURSE SYLLABUS

ANE 210 Anesthesia Technology Clinical II

CREDIT HOURS: 4.00

CONTACT HOURS: 240.00

COURSE DESCRIPTION:

This course serves as the second of three externship experiences, with a focus on the integration of theory, simulation and practical skills acquired from previous didactic coursework to be applied in the clinical and patient care setting. The student will progressively function as a member of the Anesthesia Care Team. Interact professionally with vendors and other departments. Students will be expected to maintain a weekly case log of all procedures, as well as detailed case reports of procedures involving direct patient care.

PREREQUISITES: ANE 205, BIO 250

LEARNING OUTCOMES:

Upon successful completion of this course, the student will:

- Obtain industry experience by working in the operating room environment.
- Display sound judgment in regard to safety of self and others and adhere to the clinical site's policies and procedures during all fieldwork-related activities.
- Identify the different types of anesthesia.
- Obtain basic knowledge of anesthesia equipment and basic troubleshooting.
- Assist with patient positioning, intubation and invasive line placements.

ASSESSMENT METHODS:

Student performance may be assessed by examination, quizzes, case studies, oral conversation, group discussion, oral presentations. The instructor reserves the option to employ one or more of these assessment methods during the course.
