

PRINTING & COPYING

All library computers print to a combined photocopier/printer. Printouts/copies are 15 cents per page for black and white and 25 cents per page for color.

Your WCCCD One Card is also a debit card for printing. Once you have placed cash on the card at the One Card campus machines, you can use it to do library computer printing or to make photocopies in the library. A print card can also be purchased for \$1.00, which includes 25 cents credit for printing.

If you require assistance with purchasing a card, printing from the computers, or in making photocopies, library staff is available to help you.
