

Surgical Technology

The ARC/STSA has established the following outcome threshold as the minimum criteria to maintain compliance with the Standard for reporting. Programs are required to track outcomes for all cohorts using the ARC/STSA Outcomes Tracking Tool (OTT). Outcomes thresholds are reported for cohort(s) completing within the ARC/STSA reporting year (August 1 to July 31). The Outcomes Assessment Examination (OAE) minimum cohort pass rate is 70% and 100% participation rate for all Surgical Technology Students meeting graduation requirements.

| REPORTING YEAR | Number of Test Takers | Number of Test Takers that Passed | % PASSED |
|---------------------------|----------------------------------|--|---------------------|
| 2023 | 11 | 8 | 73% |
| 2024 | 20 | 20 | 100% |
| 2025 | 9 | 9 | 100% |
| Total 3-year | 40 | 37 | 92% |
