

SPECIAL EVENT

**Wayne County Community College District's
Michigan Institute for Public Safety Education (MIPSE)
Hosts**

**The International Association of
Fire Fighters Fire Ops 101 Program**

More than a dozen elected officials from several Downriver communities took some heat to better understand the work of a firefighter by spending a day in their boots. The Michigan Professional Firefighters Union – with locals in Allen Park, Brownstown, Ecorse, Lincoln Park, Melvindale and Trenton - hosted the International Association of Fire Fighters Fire Ops 101 program at MIPSE on WCCCD's Downriver Campus. The program included hands-on firefighting and rescue operations performed by elected officials with direction from local firefighters.
