

Surgical Technology

Each year, students graduate from the Surgical Technology program and are prepared to complete a national assessment through the National Board of Surgical Technology and Surgical Assisting.

Reporting Year	Number of WCCCD Surg Tech GRADUATES
2016	11
2017	10
2018	10
Total 3-year	31

**Some program-specific accreditation standards may require a maximum for program enrollment/capacity*

Surgical Technology

Upon completion, graduates are eligible to take a national assessment through the National Board of Surgical Technology and Surgical Assisting. This assessment certifies WCCCD Surgical Technology graduates to help them obtain employment within their field of study. Below you will find the outcomes of the last 3 years of Surgical Technology graduates that took the national assessment and passed.

REPORTING YEAR	Number of Test Takers	Number of Test Takers that Passed	% PASSED
2016	11	8	73%
2017	18	13	72%
2018	10	7	70%
Total 3-year	39	28	72%
