

Exciting Summer Camps

(Morning and Afternoon camps)

Art Camp - This Art Camp is designed for youth who will receive hands-on instruction to create art objects through use of a variety of materials. Participants will create masks, mosaics and much more.

Adventures With Master Artists - Students will be introduced to the works of Van Gogh, Cassatt, Picasso and Monet. Students will sample their work and then create their own art pieces in the style of these master artists.

ACT and SAT Review - This high school course will diagnose, refresh, reintroduce, and strengthen forgotten concepts together with test taking strategies. Some areas of coverage will include arithmetic algebra, geometry, trigonometry, and more. Students must have completed the 9th grade before registering for this class.

Young Inventor's Camp - Student will learn the basic of inventions and how to move it towards getting it a patent. Students will learn what is a patent and trademarks. Encourage student to become creators of ideas that may become the next and greatest invention.

Future Health Care Super Heroes - Student will learn the basics of patient care that apply to any health care profession: taking blood pressure and vital signs interviewing a patient, safety measures when administering medications, proper hand washing techniques, CPR training and more! Camp activities are conducted in the Health Science Center fully equipped classrooms and simulation labs.

BSA Camps – Boy Scouts of America (BSA) Camps are courses designed to prepare students to earn BSA Merit Badges in emergency preparedness, fire safety, first aid, safety and traffic safety.

Learn to Swim - Enjoy swim lessons offered at the Boll Family YMCA, at discounted rates with scholarships available! Wayne County Community College District School of Continuing Education, in partnership with the Boll Family YMCA, are offering swim lessons to many eager youths.

What Made Me Say That? - Students will gain some of the basic tools used in genealogy. Students will also show and tell, make and take projects, writing stories in their journals, exploring various websites, search engines and social media to preserve their family history.

Young Writer's Camp - Develop writing techniques not normally learned until much later in school. This interactive class covers a variety of writing styles and related skills including illustration and publication. You have the chance to write and share stories, poems, and journal entries, and compile them into your own book.

CEO Academy - If you are a leader and ready to learn about running your own business, join the CEO Academy! You will learn how to create a business plan, market your own idea, identify your market, and build an online presence and so much more!

Digital Media Production Camp - This Digital Media Production Camp is designed to provide youth with a broad survey of the digital production tools. The students will gain knowledge in digital video and sound production, web design layout and design.

3D Sculpture Camp - Students will be provided with all the necessary tools to create 3D Sculpture projects. Discussion of materials such as Adhesives, nails, hammers, scissors, sculpture tools, wood carving kits, scraps of cloth, varnishes, spray paints, sponges, glazes, glitter and markers are just a few of the things students will learn to use to make their project. Participants will display their work at the end of the camp. Participants are responsible for purchasing some supplies.

Video Camp - Students will learn the introduction to video creation. A wide range of video creation and editing tools and apps will be used to quickly create and/or edit videos.

Junior Lifeguard YMCA - WCCCD in partnership with the YMCA offers a full YMCA of the USA Lifeguard training course that includes American Red Cross CPR for the Professional Rescuer (CPRO) and First Aid, equipment-based rescues for aquatic environments, accident prevention, and decision making skills.

"Green Your Neighborhood" Camp – Student will know the importance of sustaining the environment; now learn the importance of keeping your neighborhood green. This camp will teach you how to create and tend gardens, how to recycle compost, how to reduce, reuse and recycle-zero waste, and the importance of rain barrels and water harvesting.

iPhone Usage: Safety Camp - Students will learn that having a phone is more than making a call. Identify thief, keeping personal information safe. Install locating phone apps and best apps for learning. Managing screen-time that supports time management and organization skills.
