Re: **Emergency Preparedness**

Dr. Curtis L. Ivery is pleased to announce the appointment of Dr. Tim Meyer to head up a task force to continue to prepare WCCCD to address the impending spread of the coronavirus (Covid-19). Dr. Meyer is uniquely qualified for this role - holding a PhD in environmental epidemiology and as former Chancellor of Oakland Community College. Dr. Tim Meyer is working in conjunction with Mr. Anthony Arminiak, Campus President and Provost for the WCCCD Michigan Institute for Public Safety to prevent, prepare and communicate regarding Covid-19 developments in our region.

As we watch the global development of this disease, WCCCD is firmly committed to bring the best resources and practices to protect the health and safety of our students and colleagues. To do so requires a coordinated approach to investigate the full scope of potential impacts to our college community, and continue to develop a comprehensive and well-coordinated approach to mitigate any consequences to operations administration, and academic programming. We will continue to work with the CDC, Michigan Department of Public Health, local health authorities, and our educational partners to ensure the best possible information is considered and implemented.

To ensure you always have access to the latest information and guidance, we will be providing regular updates on the developing Covid-19 situation, and procedures the college is implementing to keep you safe. Transparency is one of our core values, and we are committed to keeping you fully informed as the situation evolves.
