In 2002, WCCCD hosted its 1st Urban Summit, ‘Responding to the Crisis in Urban America’. Over the past 20 years, the ‘Crisis’ has widened its reach to consume not just urban cities, but also rural and suburban areas across America. We invite you to join our upcoming ‘Responding to the Ongoing Crisis in Urban America’ community forum and let your voice be heard. Prior to attending, we recommend you watch the video, ‘Because the Past is Prologue to What We’re Dealing with Now’ which is accessible on the college’s website.
