In 2022, we commemorate the 10th anniversary of the International Day of the Girl (IDG). In these last 10 years, there has been increased attention on issues that matter to girls amongst governments, policymakers and the general public, and more opportunities for girls to have their voices heard on the global stage.

Girls around the world continue to face unprecedented challenges to their education, their physical and mental wellness, and the protections needed for a life without violence.
