Students will understand the benefits of Academic Advising as a multi-faceted activity that helps students realize the maximum benefits from their educational experience.

They will learn to work with Academic advisors to complete the following:

- Clarifying values and goals
- Understanding the nature and purpose of higher education
- Exploring educational and career options
- Planning an educational program that is consistent with your needs, interests and abilities
- Selecting courses appropriate for your chosen program
- Assisting with planning for transfer to a four-year institution
- Assisting with monitoring academic progress
- Connecting you with the support services available on campus

They will also be introduced to MTA, articulation and transfer agreements, the University Center post-graduate programs and organizations/clubs specific to their degree program.
